

■Ryukoku University's Unique Ecosystem for Achieving the SDGs=We aim to achieve the goals by "skewering" multiple goals.

SDGs Philosophy

No one will be left behind

Ryukoku University

Linking SDGs with the spirit of Buddhism Realization of a Sustainable Society through Buddhist SDGs

Philosophy of Buddhist SDGs

The Spirit of Jodo Shinshu Buddhism:
The Work of Amida Buddha
[Embrace All, Forsake None]

Department Heads Meeting (Standing Board of Directors)

Buddhist SDGs Promotion Council

Basic Concept
[Introspective
Altruism]

Practical Research
Research on Social Issues

Social Contribution

International
Cooperation

Education, Student Support,
and Educational Support

Yunus Social Business Research Center

Collaboration with Local Governments and Companies
Development of Community Contribution Projects
and Various Projects in Cooperation with
Local Governments and Companies
use part of the project profits for local revitalization

Build a cycle of social
contribution and
human resource
development that is
not only a one-time
effort

In addition to regular education,
by our own support system
Promote students' social contribution activities

Local governments and enterprise

student

Example of Activities
in Wakayama, Hyogo,
and Mie Prefectures

Examples of
Activities
in Shiga Prefecture

Example of Kyoto City's
Activities

Kyoto City, the
Tanakamiya City Housing
Municipality, and
Ryukoku University
signed a partnership
agreement on the
utilization of public
space and revitalization
of the surrounding areas.

Collaboration in a
community
-based power generation
project through the
Ryukoku Solar Park, a
socially responsible
investment of Ryukoku
University

Strengthening
cooperation with
Shiga Prefecture by
inviting its Governor
as a Visiting
Professor in the
Faculty of
Agriculture.

In addition to providing a place
for local activities and learning,
a portion of the profits from the
Ryukoku Solar Park will be
returned to students for their
social contribution activities.

Example of Regular Activities
■Utilization of Discarded Food
■Fair Trade Activities

Example of Extracurricular
Activities

■Tanakamiya City Municipal Housing
■Sakamoto Chrysanthemum Tradition Project (※)
■Omi Tsukemono Development Project (※)
■Employment of People with Disabilities at Café Jurin

※Ryukoku Challenge

development

Example of
Entrepreneurial Activities
Students who have learned
the principles of the SDGs
through their regular
studies and extracurricular
activities have started their
own businesses while in
school and after
graduation.
